Move Toward Goal of $65,000 in Campaign for New Factory

DONORS PROTECTED

Backers Explain Details of Contract With Defiance Concern

The Chamber of Commerce cam... for $65 000 ... Marion the plant of the Defiance Pressed Steel Co moved toward ... workers reporting contributions ... the total to around $45 000

Chairman A J Berry said that of this total approximately $5 000 was promised but not signed and would be definitely pledged by tonight

Today's developments left the workers approximately $20 000 short of their goal which must be reached by Oct 1

Meanwhile drive leaders worked on a plan by which they hope to give all Marion residents an opportunity to contribute to the ... plant fund Details probably will be worked out by Monday W D Brown Chamber secretary said

Duty of All

As preparations were made for a citywide solicitation of contributions from individuals Chairman Berry emphasized today the obligation of every Marion resident especially home owners and job holders to give something He asserted that everyone in the city will benefit from the transfer of the plant to Marion and consequently all should help bring it to the city

One of the first steps in extending the drive outside of the ranks of big contributors was the preparation of placards today carrying the message We have contributed to the new factory fund thereby boosting Marion Have you? There will be placed on display in the stores of business concerns that have made contributions

The Defiance plant officials have signed a contract with the Chamber of Commerce agreeing to move to Marion if the Chamber furnishes it a satisfactory building To do this the Chamber proposes to spend $50 000 for the Power Manufacturing Co building and $15 000 to put it in condition for the Defiance concern

Provisions of Contract

Chamber officials emphasized that in the event the Defiance company for some unforeseen reason could not come to Marion it has agreed to safeguard the Chamber from any possible loss by agreeing to buy the Power Manufacturing Co building from the Chamber for $50 000 If any part of the $15 000 should have been spent by the Chamber at the time such a failure on the part of the company should occur the company also agrees to cover the amount expended

Furthermore the company will not be given title to the property until it has paid out $700 000 in payrolls in Marion an amount that must be paid within three and one half years if it is to receive the property as an outright gift from the Chamber Penalties are attached to any violation of the contract

All records and accounts of the Defiance concern are being studied by a certified public accountant employed by the Chamber to verify

M'LEAN LEADS IN GOLF FINAL

Scot Three Up on Johnny Fischer of Cincinnati After 27 Holes

OHIOAN'S ANKLE SPRAINED

Briton Gains Advantage Over American After Poor Start in Morning Round

By The Associated Press

GARDEN CITY N Y Sept 19—Making the greatest British bid for the title in a quarter-century Jack McLean 25 year old Scot was 3 up against Johnny Fischer American Walker cup star from Cincinnati after 27 holes of their 36 hole match for the U S amateur golf championship this afternoon

Fischer played with a sprained left ankle which was heavily taped

McLean fitting Britain's foremost challenge since Harold H Hilton won the title 25 years ago won four of the last six holes of the morning round to make up a two hole deficit and gain a sudden advantage over the American who had led through the early stages

A gallery of 1 500 spectators cheered the Scot as he dropped a nine foot putt for a birdie two on the 18th green to double his margin after being conceded a birdie four by Fischer on the 17th

McLean finishing the incoming nine in 36 even par had a medal score of 75 for the round Fischer was 39-41—80

Fischer limping slightly from a sprained left ankle twice gained and lost two up leads The Cincinnati law student turned his ankle yesterday going into a trap and apparently twisted it slightly again on the incoming route this morning

Whether he was affected by this Fischer nevertheless finished poorly after making a brisk start The American outhit his Scotch rival consistently but was unable to match McLean's sensational short game

McLean who squared the match at the eighth and again at the 14th saved himself with long putts at the 11th and 12th He dropped putts of 20 and 10 feet on these two holes at a time when he was two down and sorely on the spot

Thus fortified McLean won the 13th with a birdie negotiated a partial stymie to square the match on the next and outshot the American on the last four holes Fischer halved the 15th and 16th but sliced a shot again ... the wire fence bounding the course on the 17th and lost the home hole to his rival deuce

County Fair Plans Shape Up for Opening Tuesday

Appearances of John W Bricker and Gov Davey To Be Added Attractions, Entries Pouring In

Preparations to raise the curtain on the eighty ... Marion county fair Tuesday were being pushed to conclusion today by fair board officials and exhibitors

All exhibitors are required to have their displays in place by opening time J A Raub secretary of the board said and it is expected that the usual delays in dressing up the exposition will be absent this year No admission will be charged opening night

Both Gov Martin L Davey and Attorney General John W Bricker opponents for the governorship have been invited to speak during the week Mr Raub said Mr Bricker has accepted and will be on the Friday afternoon program and Gov Davey indicated he would make every effort to be here He will make an address Thursday afternoon if he accepts the invitation

Predict Big Fair

Fair officials today predicted the biggest fair in the last decade barring unfavorable weather Exhibit space inside the fairgrounds was taken some time ago and the greatest amount of space in years has been provided for displays and stands on the outside they said

Entries for the fair have been coming in rapidly and will be taken until 10 o'clock tonight at the fair board office on the second floor of 115 South Main street

A news account of the county fair race program appears on today's sports page of The Star

The deadline for entries is Monday noon Sunday and Monday morning they will be accepted at the secretary's office under the grand stand at the fairgrounds

Wednesday will be Townsend day at the fair Raymond J Jaffrey of Cleveland citizen maximus of the Ohio Townsend clubs will speak in front of the grand stand at 10 30 a m There will be no admission charge to the grand stand A Townsend headquarters has been set up on the grounds between the art and vegetable halls

Featured entertainment during the week includes the famous WLS barn dance entertainers on Saturday afternoon and night vaudeville and fireworks each night band concerts and the usual midway rides and shows

Good Race Program

Three days of harness racing calling for 10 races will start Wednesday More than 25 horses already are in the barns Mr Raub said and some of the best known reinsmen in Ohio and nearby states will be on the sulkies Dr Hugh M Parshall of Urbana one of the ace drivers on the big oval will have horses here and may appear himself

One of the principal features of the annual exposition will be the junior fair which has taken on such proportions this year as to necessitate bringing two 20 by 50 foot tents into use to house the livestock entered by the young exhibitors

Other features include three days of bicycle racing and a county colt show The bicycle events will be held at 4 p m daily on Wednesday Thursday and Friday A large number of entries have been ... received from boys up to 15 years of age Between 75 and 100 colts are expected to be assembled on the grounds to compete for prizes on Friday A pet lamb show will be held Thursday noon under the sponsorship of the Marion Kiwanis club

The admission price for the fair is 25 cents a person at the gate with no charge for automobiles parked on the grounds Six admission tickets may be obtained by purchasing a membership ticket at $1 a reduction of 25 cents from last year's price

BENEFIT SHOW RAISES $80 FOR SHOE FUND

Money Will Be Used To Outfit Barefoot Children in Schools

The fund to purchase shoes for needy school children of the city was boosted approximately $80 this morning by receipts from the benefit show at the Palace theater

More than 700 children and a few adults attended the theater party all proceeds of which will go into the shoe fund The exact amount raised cannot be estimated until reports are made by those who sold tickets this week

The fund is being established to buy shoes for boys and girls who are going to school barefooted

The sharp drop in temperatures this week has spurred the sponsoring civic and welfare groups to urge Marion residents to be prompt as well as generous in their contributions next week

Marion's three banks and the public school administration building on South Prospect street will receive contributions all next week

OHIO LIQUOR OFFICIAL FACES MURDER COUNT

Police Sign Warrant After Death of Woman in Cincinnati Hotel Shooting

By The Associated Press

CINCINNATI O Sept 19 Detective Lieut George Schattle signed a warrant today charging Aimon Bogardus head of the Cincinnati office of the state liquor enforcement division with murder in connection with the fatal shooting of Mrs Ernestine (June) Poe back Montgomery 34

Lieut Schattle said the warrant was based on new information obtained since Mrs Montgomery died late yesterday of bullet wounds 24 hours after signing a statement saying she was shot by Bogardus

Earlier Mrs Montgomery had told Schattle she shot herself Bogardus insisted the woman shot herself in his room in a downtown hotel

Detectives Walter Hart and Thomas Faragher left immediately for Hillsboro to serve the warrant

Prosecuting Attorney Louis J Schneider said he would study the information obtained by Schattle before determining whether to present the case to the county grand jury which convenes next week

Bogardus denying the woman's charge left here assertedly to confer with his superior Al Humphrey chief of the state enforcement office in Columbus

Mrs Montgomery who Bogardus said occasionally supplied him with information in his work died without changing the story she gave to Detective Lieut George Schattle that Bogardus shot her in his hotel room Thursday because he was jealous following her failure to see him for three or four days

Schattle said he had obtained the new information from a newsboy who reported Mrs Montgomery came out of a hotel about 6 30 a m Thursday and asked the boy if she looked good enough to go into the hotel where Bogardus stayed.

800 HOSTAGES RUMORED SLAIN

Fascists Accuse Government Forces of Killing Prisoners of War Near Malaga

IDENTIFY BODIES OF 512

Claim They Were Mowed Down by Rifles and Machine Guns of Radicals

By The Associated Press

SAINT JEAN DE LUZ France Sept 19 The Fascist general Gonzalo Queipo De Llano today accused Spanish government forces of killing 800 hostages at Ronda on the road to the southern seaport of Malaga

The insurgent general in a speech over the radio from Seville said his troops had succeeded in identifying the bodies of 512 of the alleged victims

They were mowed down by rifles and machine guns before the Fascists occupied the town he declared

Gen Queipo De Llano also announced the insurgent forces of Col Aranda long besieged in the northern mining capital of Oviedo had cut their way out of the city and dug in at a point 10 miles distant

An insurgent column coming to Aranda's aid was only eight miles from the new position the general said

Marion Girl Hurt When Struck By Driverless Truck

A ...en-year-old Marion girl suffered a fractured rib when a driverless truck pinned her against the side of a building at 734 Davids street yesterday shortly before noon The girl Norma June Huffman daughter of Mr and Mrs Carl Huffman of 628 Bellefontaine avenue was attended by a physician who said that aside from the broken rib she suffered only minor scratches and bruises

The accident occurred near the intersection of Davids street and Bellefontaine avenue The girl was walking along the sidewalk and the truck had been parked at an angle at the side of the street police who investigated reported

As the girl neared the vehicle the emergency brake apparently released police said and permitted the truck to run slowly forward pinning her between the bumper and the side of the building occupied by the Oakland restaurant. The truck had been in charge of H F Jenkins of Galion police reported

The girl was extricated and taken to her home by a driver of the Parish Dairy whose name was not learned by police She was later attended by the physician.

MAN, 2 WOMEN AND CHILD ARE VICTIMS AS TRAIN HITS CAR

Another Child in City Hospital Critically Hurt as Limited Train Plows Into Automobile Near Agosta.

FOUR Marion county residents were killed and one injured critically when the automobile in which they were riding was struck by a passenger train eight miles west of Marion on the Agosta road last night

The dead

Robert Alston Richardson 28 of near Agosta

His wife Esther Huffman Richardson 31

Mrs Mary Luella Pine 21 of near Agosta

Her son Thomas Leonard LeRoy Pine age two years

Girl, 4, Is Only Survivor

The sole survivor of the crash is four year old Viola Pine who is in critical condition at the City hospital suffering a skull fracture and a broken right leg

She and her father Leonard Pine, are the only surviving members of the Richardson and Pine families as a result of the crash

Pine was a close range eyewitness of the accident which occurred when the automobile in which the five persons were riding was struck by the Big Four railroad's Southwestern Limited at the lane crossing leading to the farm residence which the Richardson and Pine families shared

The two women and baby were killed instantly and Richardson died a moment after the mishap

Mere Chance Saves Pine's Life

Only an unusual circumstance kept Pine from being in the automobile when it was struck He had decided not to accompany his wife their children and Mrs Richardson when they went to a farm home seven miles west of their residence to get Mr Richardson, who had been shocking corn during the day

"I told them I would stay home and fix the top of my automobile which became slightly loose yesterday" he said "The last thing they told me was to cut some wood so they could finish getting supper ready when they got back

They went about 6 o'clock to get Bert (Richardson) I had been working on nearby farms with him in the last few days and would have gone with him yesterday morning had it not been for an errand that I had in Marion

About 45 minutes after they left to get Robert and bring him home for supper I saw them driving toward the house on the Agosta road I was standing out in front of the house waiting for them

I saw them drive in the lane leading off the Agosta road travel about 25 feet to the tracks and pull in front of the train which sped eastward The train was moving so fast that I didn't realize until just an instant before the crash what was going to happen

I couldn't tell what happened It seemed to me that Richardson must not have seen the train because the car slowed down as it reached the crossing but did not stop or give any appearance of stalling

Home Near Agosta

The house the two families shared is owned by Ohio Wesleyan university and is located at the end of a 100-foot lane that connects it with the Marion Agosta road state route 95 About 25 feet south of the highway the lane crosses the tracks The house is about one mile east of the place where route 95 road crosses the railroad tracks near Agosta

The time of the accident Sheriff Fred F Miller reported was fixed at 6 30 The sheriff said the police department which received the first call on the crash relayed the message to him about 6 45 Richardson's watch found in the wreckage had stopped at 6 30

One Funeral Service

Joint funeral services for all four victims will be held Monday at 2 p m at the cathedral home in Forest Glen Memorial park All four victims will be buried in Forest Glen Rev H B Twining pastor of Emmanuel Baptist church and a North Lewisburg minister will officiate

Richardson said by Pine to have been driving the automobile had only his right arm The left one was amputated four years ago a year after he had injured it while repairing an automobile

Richardson who died as he was being ... to the City hospital did not regain consciousness The only possible theories discussed last night by bystanders as to the cause of the crash was that the sun might have blinded him temporarily as he looked westward the direction from which the train was traveling

Crash Attracts Crowd

The train halted after the crash was backed up to near the wreckage and remained there until Sheriff Miller obtained the names of the train crew and the number of the train Several hundred persons stopped at the scene of the accident last night and this morning making it necessary for Sheriff Miller Deputy Geisler and State Highway Patrolman J M Kratzer to patrol traffic along that section of the highway

Pine said the automobile had crossed the north tracks of the double track crossing and had reached the north rail of the south tracks on which the train was traveling when the crash occurred The wreckage was thrown and dragged along the north side of the train

Sheriff Miller said the bulk of the wreckage of the automobile was found 130 feet from the place where the train struck it Parts of it were thrown to one side including the part of the motor which was hurled into a ditch on the north side of the highway

He said Mrs Richardson's body was found about 110 feet from the wreckage of the automobile Mrs Pine's was 115 feet from the crossing and Richardson was 100 feet away from the crossing The two year old Pine baby's body was fifty feet away

Train Was Limited

Through an odd circumstance the four year old Pine girl who was the only one to survive was thrown farther from the crossing than any of the victims who died last night The girl's body was reported to be a short distance beyond the place where the automobile wreckage was found The four victims and the injured girl all were thrown from the car

The Big Four train that figured in the accident was train No 12 known as the Southwestern Limited traveling between St Louis and New York The train crew as listed by Sheriff Miller consisted of J E Fuiks of Cleveland Conductor M Carey of Cleveland engineer ... Crane of Cleveland fireman F H Ettinger of near Bellefontaine brakeman R H Royer of Indianapolis brakeman Sam Jones of Bellefontaine flagman

Mr and Mrs Richardson had lived on the farm since last April having rented the 50-acre tract Pine whose wife was a niece of Mrs Richardson and his family joined the Richardsons on the farm in July and together the two men had worked on that farm

Firemen Supply Oxygen To Help Save Baby's Life

Forty five minutes of heroic work by a Marion physician and two city firemen saved the life of 4 month old Pollen Postell son of Mr and Mrs Andrew Postell of 427 Patterson avenue last night

The physician called to the home at 10 45 found the baby blue from struggling to breathe suffering from what he diagnosed as croupous bronchitis Immediately he set to work applying artificial respiration methods and asked that the Central fire station be called to bring the department's inhalator

The doctor worked over the baby for 15 minutes and when L W Miller and Charles Erow arrived from the fire station they administered oxygen for 30 minutes

The baby is "much better" today the physician said at noon.

FATHER DEAD, HIS SON DYING AFTER FIGHT

Daughter and Her Husband Surrender to Sheriff at Steubenville

By The Associated Press

STEUBENVILLE O Sept 19—A bitter family quarrel over the operation of a small coal mine cul minated today in the fatal shoot ing of a father the wounding of his son and the surrender of his daughter and her husband to Sheriff Ray Long

The victims were Joe Luackasy or Luckey 55 dead from a bullet through his head and his 27 year old son Joe Jr in a dying con dition at a Martins Ferry hos pital

Officials said the family name of the victims was Lusckasy but they had shortened it to Luckey

James Arthur Moore 25 oper ator of the mine at Blue s run and his wife Marie 22 surrendered to Sheriff Long at his office an hour after the shooting and admitted Long said that Moore shot both men with a rifle after they at tacked him at the mine entrance

We had been quarreling about the slag from the mine Long quot ed Moore Joe (the elder) claimed I was dumping it on his pasture lands We had argued about it for several weeks

Mrs Moore corroborated her hus band s statement that when they arrived at the mine this morning her father and brother were wait ing

They attacked Moore beating him she said and she struck her father with an unloaded rifle knocking him down

Then Moore and his wife said Moore grabbed up the rifle and ran across the field with both Luckeys chasing him the sheriff said The wife said Moore must have loaded the rifle as he ran because she told me he turned and fired a shot which struck the older Luckey in the head Then he shot again she said hitting her brother

POSTAL CHIEF SHUNS POLITICAL PRESSURE

By The Associated Press

CLEVELAND O Sept 19—William W Howes acting postmaster general closed the National Asso ciation of Postmasters convention last night with a statement that I don t expect to tell any one in the postal service how to vote

I might as well say at the start I m for Roosevelt but every one should be the captain of his soul asserted Howes

You re not supposed to be in terested in politics at all he said You stay that way and some Re publican will have your job

We ve talked about Maine It s one of the six states that Hoover carried It is surprising they only got it by a margin of 5 000 votes

The Kansas governor has not repudiated the du Ponts J P Morgan and the two Rockefellers who laid the groundwork in Maine I don t think the people of America are going to fall for any thing like that

If they do we ll all be in some other work Howes said

BRICKER DENOUNCES DEMOCRATIC TACTICS

Says Efficiency Economy and Honesty Are Needed in Ohio Government

By The Associated Press

TIFFIN O Sept 19—A v Gen John W Bricker continued his swing about the state today leav ing an assertion here that hun dreds of public employes were giv ing their time to nothing except a desperate effort to perpetuate in power the present administration

Bricker Republican candidate for governor old a outdoor Sen eca county political rally last night

If I were o enumerate the needs in government today it would be first efficiency second economy and finally the applica tion of that prime virtue in bus ness or public office common hon esty

It is not efficiency it is not economy it is not common honesty to place upon the public payroll hundreds of public employes who are giving their time to nothing except a desperate effort to per petuate in power the present ad ministration that it might satisfy its selfish greed for money and power that it might keep its hands upon the public till for another term

TWO SEEK LEGION COMMANDER'S POST

Topeka Kan and Griffin Ga, Veterans To Fight It Out in Cleveland

By The Associated Press

CLEVELAND Sept 19—Specula tion on who would be elected the American Legion s next com mander was well under way today as delegates from all sections of the United States converged up on Cleveland for the organization s 18th national convention opening Monday

Conferences incident to election of a national commander brought forth suggestions that the con test probably rested between Harry F Colmery of Topeka Kan and Quimby Melton of Griffin Ga

Legion officials who declined to be quoted believed that Colmery had the edge for the position now held by Ray Murphy the six foot former Iowa State university ath lete Colmery played shortstop for the Oberlin (O) college baseball team in 1911 1912 and 1913 Mel ton is editor of the Griffin Daily News

Higherups in the Legion auxil iary said there would be no con test for a successor to Mrs Mel ville Mucklestone of Chicago as national president Mrs O W Hahn of Lincoln Neb is slated for the job auxiliary officials said today

Convention headquarters an nounced meanwhile that a spirited contest was in prospect for selec tion of a 1937 convention city Los Angeles New York Denver De troit and Montreal are after the meeting

Five hundred and sixty-eight pieces of legislation were before the resolutions assignment commit tee today of which probably about 50 will reach the convention floor next week

Indications today were that the convention would concentrate on a three point program of national defense neutrality and universal service

Your Health

BY DR. R S COPELAND

Tinnitus

AMONG THE annoying symptoms one can have we find head noises or ringing in the ears To the doctor this affliction is known as tinnitus As a rule it is an indication of some physical disturbance of the ear But it may be a sign of some disease of the blood vessels such as hardening of the arteries It is a chronic disturbance that is often stubborn and exceedingly difficult to overcome

If you live in a large city and travel in the subway you experience a peculiar ringing sensation in the ear when the train goes under the river This is due to a change in air pressure and the closing and opening of the Eustachian tube that leads from the back of the nose and throat to the middle ear A similar sensation is felt when going up a mountain or riding in an airplane

The sufferer from tinnitus may complain of this peculiar sensation all the time or it may be only occasionally The head noises vary in their nature For example some describe the disturbance as a continuous roaring sound while others say it resembles the ringing of bells the rushing of steam or air the sound of the ocean [illegible] [illegible] words

The noises may be so distracting and annoying as to prevent sleep and rest There are occasions when the victim becomes so upset and nervous that he appears on the verge of insanity In the days of superstition and ignorance sufferers from this rue were believed to be the victims of evil spirits located within the skull

Since tinnitus is not a disease but a symptom of some disturbance it is imperative that proper medical care be sought A complete physical examination and thorough inspection of the nose throat and ears are essential if well directed treatment is to be expected Bear in mind that even though the discomfort is mild in the beginning neglect will result in a severe and chronic trouble

Certain disturbances of the middle ear such as catarrh and inflammation of the ear drum may be the underlying cause Enlarged and diseased tonsils may be an important factor Dried and impacted ear wax polyps tumors and foreign bodies in the canal of the ear are among the possibilities and should not be overlooked In such cases removal of the offending substance or growth or correction of the deformity is sufficient to bring about a complete cure

THE TOWNSEND PLAN

Editor of The Star If there is anything greater than the mystery that surrounds the Townsend plan it is the ignorance of the people regarding it There is no subject before the American people today that is attracting more attention than the Townsend plan Some would be politicians would have us believe the Townsend plan in operation would cost the taxpayers billions of dollars in new taxes which every informed Townsendite knows is not the truth For the benefit of the politicians and others we wish to give the following information

The Townsend plan which is a recovery plan can be carried into effect not only without a prohibitive cost to the government but without taking one dollar from its present income Upon information received from one or more of the different departments of the government at Washington from standard works of statistics and from the secretary of the state board of equalization of the state of California the 2 per cent transaction tax provided for in the Townsend plan will not only produce sufficient revenue to pay the full amount of pensions thereby required to be paid plus the cost of collecting the taxes with which to pay them but will produce in addition thereto many hundreds of millions of dollars a year which can be used to help reduce the national debt whereby property taxes can be reduced and homes can be saved from being sold at sheriff sale The total aggregate value of all business now being transacted in this country is not less than six hundred billion dollars a year or fifty billion dollar per month It is assumed therefore if the Townsend plan were made a law it would start operation with business transactions amounting to fifty billions of dollars per month on which to levy a 2 per cent tax for the purpose of raising the money with which to pay the pension therein provided for the business transaction in this country never exceeded the twelve hundred billions of business done here in the year 1929 Although it is said when the Townsend plan is in operation it will unquestionably exceed that sum the government of the United States will collect under the operation of the Townsend plan sufficient in excess of all sums required to be paid enough to pay the entire debt of our country in about eight years In the light of the fact that the enormous sum that will be spent in business transactions from the eight million persons receiving the $200 per month will so greatly increase the volume of business of all kinds and the amount of profits which will be made therefrom that the only possible results will be wonderful prosperity for all Eight million persons in the United States receiving the $200 per month of which it is estimated four million are now gainfully occupied and who will be forced to give up their gainful occupation will give employment to four million younger people who are now idle And $200 per month spent by each of the eight million people to whom pensions will be paid will create employment for one person as a result of which positions of employment will be created for eight million men and women now idle Therefore the money which the Townsend plan will put and keep in circulation in all classes of business will create positions for 14 000 000 men and women who are now idle In other words every man and woman in the United States who is able and willing to work will be able to find employment and will be paid a fair and just [illegible] The Townsend plan is not just an old age pension plan but is a national recovery plan by which national prosperity can be brought about and which will put an end to misery and want in a land of plenty If God be for us who can be against us Yours for a fight for justice

The Stars Say—

For Sunday Sept. 20

SUNDAY'S HOROSCOPE [illegible] [illegible] the [illegible] a higher [illegible] to change [illegible] [illegible] may be [illegible] [illegible] [illegible] legacy or bequest are [illegible] also the friendship of a person of power and prestige may be profitable.

Those whose birthday it is may be prepared for a year in which there will be the removal of old impediments prior to the stabilization of their fortunes through an advancement in property investments and securities [illegible] or [illegible] Industry [illegible] claim the reward of [illegible] and [illegible] friendship may prove profitable as well as pleasant But an element of subtlety and duplicity should be [illegible]

A child born on this day may be very [illegible] and practical and may be rewarded by preferments of elders friends or superiors

• • •

For Monday Sept. 21

MONDAY'S ASTROLOGICAL forecast is a rather conflicting one according to the lunar transits While there may be benefits and some tokens of preferment or favors yet there is a portent of nullifying all such auspicious signs by a tendency to impetuosity reckless behavior or irritabilities by words deeds or writing

Those whose birthday it is are under a prospect of a favorable year if in employment So are those dealing to court the favors of persons in authority but the most auspicious circumstances may be put in jeopardy by indulgence in reckless turbulent or wayward actions either by word deeds or writings

A child born on this day may be energetic practical and aggressive possibly jeopardizing its success by an indulgence in tempestuous passionate and rash conduct

I will show you the way, I said.

The next instant I had added another to my odd impressions of my uncle. For without hesitation he turned and took a step in the direction of my father's room. Then as if recollecting himself he turned short and said courteously

Thank you. I shall be most grateful if you will.

But he had known the way, I told myself in bewilderment, for there was something decisive about the movement he had made.

Motive for Nurse

It was not my province to make any comment however, and I only said quietly, If you will just follow me, and stepping past him went down the corridor to my father's room.

I tapped lightly on the door explaining my action as I did so.

To keep up the fiction of my father's illness we have a trained nurse in his room.

Ah! a good idea, he replied. Yours?

An interior view of the Nu Way shoe repair shop and shine parlor is shown in the picture above. On the left is John Jevas and on the right is his brother Tom shining the shoes of a customer. The Jevas boys are proprietors of the shop.

selves several years ago. They employ an expert shoe repairman for that type work. A well equipped shop enables them to turn out work properly done in short time. They handle any kind of shoe repairing from full soles to rubber heels or metal toe plates.

With the end of the straw hat season the shop is prepared to handle a rush of felt hat cleaning business. Replacement of bands is a specialty with the shop.

In the shoe shining department the shop specializes in cleaning suede shoes for men and women.

Central Location Makes Mapes Pure Oil Station Popular

FREE PARKING FOR PATRONS

Station Located on North State Street on Edge of Business District

The central location of the H R Mapes Pure Oil Co automobile service station has made it popular with motorists who are usually downtown daily and those who leave their car for servicing while on a shopping trip.

The station located on North State street immediately north of The Star building has a large parking lot at the rear where customers cars may be left while they take care of errands or business matters. "Change the oil and lubricate my car. I'll be back in an hour" is heard many times a day at the station. When the customer returns he knows his car will be ready and waiting in the parking lot. There is no worry about traffic tickets.

For lubrication and other services the station is one of the best equipped in the city. Three lubrication pits and the latest equipment enable station attendants to service automobiles and trucks quickly and thoroughly.

The station handles a complete line of Pure Oil products as well as an extensive line of accessories.

Yale tires and tubes both made by the General Tire & Rubber Co of Akron have proven their value to Marion motorists as indicated by the increasing sales of the two products by the Mapes station. Both the tires and tubes are backed by the reputation of the General company.

The station also handles Pure batteries and maintains battery service.

With the approach of the fall and winter season when slippery pavements make driving hazardous and cold mornings make motor starting hard Mr Mapes advises Marion motorists to carefully inspect both their tire and battery equipment.

Motorists Find Station Convenient Place To Stop

FOOTBALLS GIVEN AWAY BY STATION

The Low Price gasoline service station on East Center street at High street has great news for Marion boys who are now beginning to feel the urge to kick a football all over the lot.

The station now is offering footballs of high quality as premiums

for coupons given customers with each purchase of gasoline and oil. The footballs are the Goldsmith "Big Shot" and are obtainable for 100 coupons.

The boys however are not the only members of the family who will find something of value in the list of premiums offered by the station. One of the feature premiums now is the new comforter blanket in a variety of color combinations. They come in size 64 by 78 inches and are given for 200 coupons.

Auto Report for 1936 Shows How Industry Grows

Abundant evidence of the recovery progress achieved by the automobile industry with last year's operations accounting for an output of 4 119 811 motor vehicles which with replacement parts tires and accessories had a total wholesale value of $3 319 497 973 is presented in the 1936 edition of Automobile Facts and Figures prepared by the Automobile Manufacturers association.

Directly and indirectly more than six million workers derive their incomes from occupations in connection with the manufacture merchandising and operation of motor vehicles. Of these 439 000 workers employed directly in motor vehicle and parts factories received $657 332 000 in wages during 1935.

A novel method of showing the trends in car prices is used in the book. The average factory price of 1935 cars is presented in terms of the average price per pound and per horsepower. On this basis the price of the average 1935 car was 21 cents per pound or 17 cents less than the price at which 1925 models were sold. On the horsepower basis last year's cars were sold at the rate of $7 per horsepower whereas in 1925 the price amounted to $27 50 per horsepower.

Some of the other interesting facts disclosed by the book are:

Only one out of every two hundred passenger cars produced in 1935 was an open model.

New York state led all other states in the number of motor vehicle registrations with 2 330 982 cars and trucks registered by its citizens. However motor vehicle ownership was more densely concentrated among the residents of California where a ratio of one hundred motor vehicles for every 262 of population was reported.

Motorists as a class paid in special taxes one out of every $8 collected by national state and local government. Total motor vehicle taxes amounted to $1 286 000 000 last year.

Nearly three out of every four motor vehicles in the world are owned in the United States.

PROTECT FLOORS

Sloping glass ventilating baffles set on the inside of the window sill in bedrooms allow ventilation without the danger of ruining walls and floors and draperies by sudden rains that come up unannounced during the night.

Mrs W I Campbell of Atlanta has a 25 year old canary.

CHEVROLET MARKS UP BANNER MONTH

August went into the records as another banner month for Chevrolet according to an announcement made today at the company offices here. Combined sales of cars and trucks were 95 505 units, the second largest August figure in Chevrolet's history. Truck sales, reported at 23 249, were the highest ever made in August and the second highest ever made in any month.

An additional highlight of the dealers' August performance in August was their sale of 165 107 used cars, nearly 20 000 units more than they sold in August 1935. Used car stocks nationally decreased 3 57? units in the last 10 days of the month and as this month opened were more than 7 500 units lower than at the same date last year.

In 1935 ... Chevrolet ... 13th ranking ... in the nation in popularity.

CHEVROLET BOOKKEEPER WINS HONOR

The above picture shows W B Scott of 212 Clover avenue center bookkeeper for the Haberman Chevrolet Co receiving a certificate for excellence in his work from R M Campbell Chevrolet zone manager. A D McPherson zone business manager on the right is an interested spectator. Mr Scott was honored by the Chevrolet company for establishing a high record of efficiency in his work with the Haberman agency.

MIRRORS PLEASING ADDITION TO ROOM

Built in mirrors are valuable aids in maintaining personal appearance and properly placed they contribute to the decoration of a home. Adjusted at the correct angle they tend to give the impression of added size to a room. In bedrooms or dressing rooms if a full length mirror does not fit in with the general scheme of decoration or surroundings it may be attached to the inside of the closet door.

Mirrors are convenient and essential but must be used with discrimination for artistic effect.

STORE OPENS NEW SERVICE

Heating and Plumbing Engineer Joins Staff of Ward Company Here

The Montgomery & Ward company store this week announced the addition of a complete engineering service to estimate and install all kinds of heating and plumbing equipment. Harry Monroe who has been associated with several nationally known manufacturing companies has been placed in charge of the department. His work as a consulting engineer with these companies has made him thoroughly conversant with all heating and plumbing problems.

In discussing the opening of the new service P K Burns manager of the store said "the sale of various types of heating and plumbing equipment has reached such a proportion in the Marion store that we have decided to offer home owners a complete engineering service in both heating and plumbing fields. With this idea in mind we have obtained the services of an engineer who has had extensive experience in this line of work."

Mr Monroe was a sales engineer for a number of years with the American Radiator Co. Store officials expressed the opinion today that the new service would prove popular with home owners. There is no charge for the services and advice of Mr Monroe.

According to Mr Burns the various products sold by the Ward store are experiencing a great national success. One of the chief reasons for their popularity he said is that the trained engineers are able to successfully install any kind type of heating equipment including steam vacuum hot water or hot air plants.

120 Horses Expected Here for Fair Racing Program

SPEED EVENTS SET FOR 3 DAYS OPENING ON NEXT WEDNESDAY

Reservations for Stables Coming in Rapidly; 25 Already Filled.

Preparations are nearing completion for what is expected to be the biggest harness race program in the history of Marion county fairs. Twenty-five horses, three of them Marion-owned, are already on hand for the Marion races, and others are arriving daily to participate Wednesday in the opening of the three-day racing program. Arrangements have been made by fair officials to accommodate 120 horses and colts at the fairgrounds, in anticipation of increased entry list for the heavy harness race events.

Peter Patch, All Guy and Patchin Volo, the three Marion owned horses, have been trained at the fairground track during the summer. Peter Patch, a two-year old pacing stallion, is owned by Orrin Deal; All Guy, a pacer, wears the colors of David Bell of Patton steel and will be driven by his son, Hugh. The third local horse is Patchin Volo owned by Dr. J. G. McNamara. Perry Faust of Ashley is the owner of another early arrival.

Stables of Doc McMillan of London, Doc Parshall of Urbana, Robert Vallery of Urbana, are represented among the early arrivals and others are expected from the same group. Roulette, pacer owned at Springfield, Ill., is among the candidates having traveled the longest distance, as are three horses from the Russell stables in North Carolina.

Stables Reserved

Reservation of stable indicates where other horses may be expected from, Charles Rogers, who is in charge of the barns, said yesterday. The Scannyhorn stables of Urbana has reserved eight stables, Gabe Cartmest of Newark is expected with two horses and Harry Short of Columbus is expected here with a stable of eight.

Through arrangements with the Ohio Colt Racing association the county fair board is staging four stake races during the program, to augment the regular harness races, Marion sponsors have been obtained for each of the four stake races for colts, with the sponsor offering a silver loving cup in addition to the stakes, which will amount to $400. The fair board has posted $200 toward the stake for each event and to this is added the payments of members of the association and a $10 entry fee for each event to bring the total to $400. The two-year-old colts will race two heats and the three-year-olds three heats.

Start At 12:30 P. M.

Races are called for 12:30 p. m. daily and entries close Sept. 20. The race department is in charge of Henry S. Kraner as speed superintendent. Dr. N. Gilfillt, Marion county health commissioner, will be the presiding judge at the fair races and will be assisted by G. E. Chivington. L. L. Miller is the official starter and will be assisted by Jack Horner of Lima, the oldest living starting judge in Ohio. Denny O'Connell is timer and James Lott, clerk of the course.

The complete race program for the fair follows:

Wednesday—2:21 trot, $250; two-year-old trot stake, estimated value $400; 2:24 pace, $250.

Thursday — Three-year-old trot stake, estimated value $400; 2:11 pace $308; 2:15 trot, $300; two-year-old pace stake, $400.

Friday — Three-year-old pace stake, estimated value $400; 2:19 trot, $250; 2:18 pace, $350.

THE BACK ROAD TO FAME

WHEN Mrs. Eleanor Holm Jarrett was disqualified from the Olympics for drinking champagne on the boat going over, an army of sympathizers rose up in her defense. As it turned out, however, the disqualification was really a break for Eleanor. The backstroke beauty got more publicity out of this seeming humiliation than she would ever have received for the most glorious of Olympic triumphs. She was given a bigger reception on her return than was accorded to any of the victorious Olympians.

Fame comes in devious ways.

Everybody remembers Roy Riegels, not because he was a very good center for the California football team some eight years ago, but because he pulled the biggest boner in recent grid history.

Then there was Fred Merkle, who was an excellent ball player, but would have been forgotten years ago if he hadn't failed to step on second base in a memorable game a couple of decades back. And the late Dave Barry, of Dempsey-Tunney long count fame, will be remembered long after better referees are forgotten.

HARDING GRIDDERS BEGIN PLAY TODAY

Harding High school's football team was in Delaware this afternoon for the opening game of the season. Coach Carl Cramer selected a group of 25 gridders to meet the Willis High team. The squad left Marion by chartered bus shortly after noon and the games was to start at 2:30 o'clock.

GALION LOSES BY FAILURE TO KICK

Willard Takes 7 to 6 Contest; Fourth Victory in Five Years.

Special to The Star

WILLARD, Sept. 19—Galion High was halted 7 to 6 in its gridiron invasion here yesterday. It was the season's opener for both teams and Willards fourths consecutive victory over Galion in five years.

Galion inagurated the score in the first quarter when Knapp blocked Stearns' kick on the Willard nine-yard line and Gardner scored on the second play. Willard crossed the opponents goal in the final period after Wilkinson broke through to block a kick on Galion's 30-yard line, and picked up the oval to score the touchdown.

Galion is a North Central Ohio league opponent of Marion Harding and will face the Presidents later this season.

OHIO HIGH SCHOOL FOOTBALL SEASON IN FULL SWING TODAY

Crack Teams of State Among Those Playing First Games.

By The Associated Press

Ohio's high school football campaign was under way today in full force.

In contests yesterday and last night, many of the state's top-notch scholastic elevens saw action most of them against minor opponents.

However, Steubenville Central barely nosed out Wellsburg, W. Va., 6 to 0. Sandusky run its winning streak to 35 straight with a 13 to 0 victory over Collinwood, Cleveland city champion.

Springfield downed Dayton Oakwood, 20 to 0, and Massillon's brilliant passing attack swamped Cleveland East High, 55 to 6. Warren spilled Akron North, 33 to 0, and Cincinnati Norwood shaded Wyoming, 6 to 0.

Other Ohio high school scores:

Fostoria 33, Fostoria St. Wendelin 0.

Tiffin Junior Home 32, Bucyrus 0.

Lima South 19, Van Buren 0.

Bellefontaine 6, Mount Cory 0.

Tiffin Calvert 30, Carey 0.

Findlay 6, Bluffton 0.

Willard 7, Galion 6.

TWO-HOUR LIMIT ON BOUT 'HERE MONDAY

McGuirk and Estes Scrap Booked as for Division Championship.

Monday's wrestling card will feature a two-hour bout matching LeRoy McGuirk of Lincoln, Neb., and Toots Estes of Elk City, Okla. Both battled to a draw here two weeks ago. The scrap has been announced as a championship encounter for laurels in the light heavyweight division by local promoters. McGuirk is claimant to the title and is recognized by the National Boxing association, the promoters said.

In the second scrap, of 60-minute duration, Speedy Shaffer of East St. Louis, will meet Speedy LaRance of Montreal, Can. Both have been seen here previously. A 20-minute preliminary will start the program at 8 o'clock at the Shovel gymnasium.

Delaware Man and Rickey May Buy Cincinnati Reds

Larry MacPhail Quits, Adding Strength to Report Team Ownership May Go to Cardinal Executive.

By The Associated Press

The baseball spotlight was drifted today on the Cardinals and Reds, and the possible changes in their organizations, to the virtual exclusion of the Cubs in second place in the National league, and Lou Gehrig's 1,900th consecutive game with the New York Yankees.

While the Giants maintained an almost unbeatable lead of five games in the hot national league race, and Gehrig put on his spikes and glove to add another milestone to the greatest of all iron-man records, the diamond public was asking these questions:

(1)—Will Branch Rickey, the man who played a major part in the successful run of the Cardinals during the last 10 years, buy a controlling interest in the Cincinnati Reds, along with Merrill Russell of Delaware, a director of the Columbus (American Association) Red Birds?

(2)—Will Warren Giles, president of the Cards' International league farm at Rochester, N. Y., be named to succeed Larry MacPhail, resigned vice president and general manager of the Reds?

The two questions—and their answers—appear interlocking. Denials were the only replies to be published report that Rickey and Russell would buy the Reds. One source emphasized that Powel Crosley, Jr., president of the club, is too rabid a fan to sell his interests.

However, it was pointed out in some quarters that the mention of Giles as successor to MacPhail, the man who introduced night baseball to the big leagues, may be in line with the report that Rickey is buying into the Reds.

MacPhail resigned yesterday just about the time the Cubs, behind Lon Warneke's three-hit pitching, toppled the Cardinals 3-0 in the only National league game of the day, to take second place in the league away from the staggering Gas House Gang. The victory, however, failed to disturb the five-game lead of the idle Giants, who are just about "in" for the pennant.

The American league also put on a curtailed program, with the Tigers knocking off the Indians 6-3 in one game, and the Browns belting the White Sox 6-5 in the other.

Tommy Bridges stopped the Tribe with four hits in posting his 22nd win of the year, as Detroit's ex-world champions planned back the ears of young Bob Feller with a game-clinching four-run rally in the sixth, and moved into a virtual tie with the White Sox for second place.

A five-run spree in the third featured the Brownies' victory over the White Sox, but just to put the clincher on, "Sunny Jim" Bottomley belted a homer in the seventh for what turned out to be the winning marker.

They'll present a scroll to Gehrig at Yankee stadium today in recognition of his endurance record. His appearance in the battle with the Washington Senators will mark his 1,900th straight game since he took Wally Pipp's first baseing job away way back in June 1925.

SOFTBALL TOURNEY IN SECOND ROUND

The second round of the district softball tournament will be played Sunday afternoon at Garfield park with the first of three games starting at 1 o'clock. Marion Lucky Nine will oppose Richwood in the opener, Saratoga Grills will face the Keytown Camp club in the second contest at 2:15, and the Lawrence Farm Markets will play the winner of the first contest in the third game.

In the first round, held at Richwood last Sunday, Lawrence Markets defeated the Lucky Nine, 11 to 3. Saratoga Grill won over Richwood, 9 to 3, and Keytown Camp defeated Lawrence Markets, 5 to 4.

YESTERDAY'S STARS

J. MASKILL HEADS CITY BOWLING LEAGUE

J. Lockstead Named Vice President at Organization Meeting.

J. Maskill was elected president of the City Bowling league at an organization meeting last night at the Marion Recreation Center. J. Lockstead was elected vice president and the offices of secretary and treasurer are to be filled at the group's next meeting, Tuesday at 7:30 o'clock.

Plans for the season will be completed at the session next week. Among the teams entered in the league are Schaffner Furniture, City Ice & Fuel Co., Smart & Waddell, Landes Jewelry, Viggins Cafe and Elks. Several squads have not completed their playing rosters and any bowlers who wish to participate are requested to register with Arthur Winterseller, manager of the Recreation Center, or attend the Tuesday meeting.

BREWERS LACK ONLY ONE WIN IN PLAYOFF SERIES WITH INDIANS

One More Victory Needed To Place Milwaukee in Little World Series.

By The Associated Press

CHICAGO, Sept. 19 — The Milwaukee Brewers, with the American association championship already hanging from their belts, were one victory removed today from a shot at the Little World Series title.

The Brewers, who won their initial playoff test with Kansas City in four straight games, took a third straight victory last night from Indianapolis in the playoff final to determine the association representative against the International league winner.

The Brewers won 7 to 6, Clyde Hatter beating Dizzy Trout in a pitching duel. Trout granted the Brewers 10 hits as the Tribe batsmen were getting nine.

Wimpy Wilburn played great ball at short and had four singles and a walk for a perfect night. The attendance was 6,751.

The teams play at Indianapolis tonight. Another win will give the playoff title to the Brewers, the series being a best four out of seven affair.

SHOVEL A. A. NINE AFTER 22ND VICTORY

Cardington Merchants Will Invade Lincoln Park Diamond Sunday.

Marion Steam Shovel A. A.'s baseball club will be out gunning for its twenty-second victory when the Cardington Merchants invade Lincoln park tomorrow afternoon. The Shovel aggregation, with a record of 21 victories and seven defeats, will be led by Manager E. V. Shoup in their efforts to turn back the invaders.

Manager Thomas heads the visiting team which has rolled up a creditable season's record. He promises several changes in his starting line-up for tomorrow's game. The contest is set for 2:30 o'clock.

TIFFIN JUNIOR ORDER WINS OVER BUCYRUS

Lodge Home Team Takes Opening Game 32-0.

Special to The Star

BUCYRUS, Sept. 19—Bucyrus High school's eleven bowed to the Tiffin Junior Order High school squad, 32-0, in an opening game of the season, last night on the Tiffin field. Tiffin scored in the first and last quarters, with Bucyrus holding them scoreless in the middle periods. Lateral passing paved the way for the bulk of Tiffin's score, although the Bucyrus eleven outplayed their foe whenever Tiffin was not using its passing attack.

Two Bucyrus players were forced out of the game by injuries in the first quarter. Robertson, captain and fullback, will be out for two weeks with a dislocated shoulder, while Gary, a tackle, suffered an injured nose and eye and probably will be lost to his team for half the season.

The score by quarters:

Bucyrus ..... 0 0 0 0—0
Tiffin ..... 13 0 0 19—32

"A Great Failure of the Spirit."

It is a pleasant change from the driving persuasion of political speaking to read the temperate reasonable address of Secretary of State Hull to the Good Neighbor League last Tuesday night.

Mr. Hull is far from a disinterested watcher of this campaign. One expects to find in his addresses some partisanship, but even when it occurs it is incidental to the patient exposition of American foreign policy in a world which observes Mr. Hull is suffering from "a great failure of the spirit of international agreements."

There might be profitable examination of the [illegible] observation on the absolute aims to which national energy has been directed. The United States could not be [illegible] increasing acceptance of the [illegible] that the end justifies all means. Under these conditions, Secretary Hull points out, the individual who questions either means or end is frightened or crushed. For he encounters two controlling rules: compulsory subordination to autocratic will and the ruthless pressure of might. The result is dread and growing confusion.

The United States is not committed to such a doctrine, but it can not be said that even Americans have not been first hand witnesses to the temptation it exerts on their public men. Secretary Hull and men who like him still admire the qualities of patience of [illegible] understanding, of steady [illegible] of assured inner strength [illegible] with a challenge not only from abroad but from men at home who have adopted a philosophy of justifying the means by the end and brooking no interference in their practice of that absolute doctrine.

From Experience

[illegible]

It is the answer to the question of why the United States entered the war is not to be found by introspection which is the usual approach but by examination of the forces which played upon the American mind and economy before the government's declaration of war.

Those forces which made hostility inevitable then would make hostility inevitable again despite the school of thought which holds neutrality to be a state of mind threatened more by external conditions but only by internal plotting and mischief.

The Season Opens

This isn't the big Saturday of the football season, but it's the Saturday which leads up to the big one, so it deserves special notice.

By nightfall a matter of some thousands of boys who are going to make a career of football for the next eight weeks will know what it feels like to clash with an enemy who plays for keeps.

It is the first Saturday of the season. By far the majority of the country's teams won't begin their schedules till next week, but this is the Saturday corresponding to opening day in baseball.

But it is not entirely a day of gladness. Where thousands will run, block, tackle and sidestep today hundreds of thousands will think about it reminiscently. Nothing much ever is said about the boys who aren't boys any more—the fellows who will hang over a fence by the hour to watch a gang of kids battering each other in scrimmage and who will show the neighbor's boy how to kick a football and end up by doing most of the kicking themselves.

Football is fun. It would be fun for the same football players who used to enjoy it so much. But alas, it's no game for boys who aren't boys any more. Instead of opening an their season today they will open their bills, their vests and their scrapbooks. Time [illegible] radio announcer keeps insisting marches on.

Matters of Opinion

Despite Maine, despite the straw votes and in defiance of the experts it still seems like a good idea to wait until after Nov. 3 to know how the election is going to go.

Vice President Garner is [illegible] to take the stump. It still remains to be seen whether or not the Democrats have found an orator to help President Roosevelt defend the new deal.

Insurance Men Give Views On Money

Presidents of Companies Say Present U. S. Policies Cut Their Incomes, With Premium Increase Resulting

BY DAVID LAWRENCE

(Copyright 1936 by The Marion Star)

[illegible opening paragraphs]

Q. Are life insurance companies safe?

A. Yes.

[illegible]

Q. Put your case [illegible] bonds [illegible]?

A. Yes, but so far [illegible] so large a proportion of them.

Q. What is the proportion?

A. We now have 11.5 per cent of all our assets invested in securities of the federal government alone.

Q. Is this high?

A. Yes, it is the highest in our history. In 1934 for instance it was just above 5 per cent. By December 1935 it had gone up to 11 per cent and now the latest figure shows 14.5 per cent of all our assets in federal securities.

Q. What about your idle cash?

A. That too is the largest we have ever had. We now have and have had since last December about $750,000,000 in cash.

Q. What's wrong about that?

A. We must earn a certain return on our money if policy holders are to be given insurance at a reasonable cost. If we cannot invest our money for an adequate return it raises the cost of insurance. We have frankly [illegible] on more than one occasion that if the low interest rate program instituted by the government keeps up and if business and industry hesitate to float new securities in which we can invest there will have to be a reduction in dividend payments to policy holders.

Q. This would not of course include the companies that do not have a participation in earnings by policy holders?

A. No, but on new policies they too would have to raise their premiums to the policy holders.

Q. You mean to tell me that the cost of life insurance generally may be going up?

A. Yes, and that's why the public ought to buy now, so to speak. For no matter what comes, life insurance policies are absolutely the best form of investment and the cost is still reasonable.

Q. But what about the proceeds of life insurance? Are they safe?

A. That's something for the policy holder to worry about. If the present trend in government budgets continues and we have inflation it means that the widows and recipients of paid up insurance will not be able to buy as much out of a dollar for their necessities as they can today.

Q. Do you mean that even if inflation comes your companies will be safe?

A. Absolutely, for we are just like banks. We pay out in exactly the same unit of currency—the dollar—as we take in. The purchasing power of that dollar however is something that we have nothing to do with.

Q. Have you reduced dividend payments as a whole in recent years?

A. Yes, for various reasons our dividend disbursements have been going down, partly due to defaults in various mortgages and other securities and partly due to the reduced earnings of our investments and our inability to get suitable investments at a higher rate of return.

Q. What do the figures show?

A. Well, the Spectator company, which publishes insurance trade journals, shows that the trend has been downward. Dividends rose steadily from 1925 and reached a peak in 1931, dropped a little in 1932 but were still above the 1930 figure. Then in 1933, 1934 and 1935 the dividend payments to policy holders dropped steadily to $4[illegible] for the year 1935. This is a drop of $135,000,000 from the year 1932.

Q. Besides your unused cash would you say that much of the money you have invested in government securities is in short term securities at very low interest?

A. Yes, the portfolios of different companies vary, but perhaps 50 per cent or about $1,132,000,000 is in short term or medium term federal government securities earning a very low rate of interest.

Q. Then if you can't invest your money in more remunerative investments you must ultimately reduce your dividends and this raise the cost of insurance to future policy holders and to present policy holders who depend on their dividends to cut the annual cost of their premiums?

A. That is right and will be the case if the present trend in new rates continues.

Q. Whom do you hold responsible for the low interest rates?

A. The administration in Washington has claimed credit for the low interest rate. The government possesses artificial factors which can keep money rates down as for [illegible] purchase of government securities with various funds of its own and [illegible] business and industry [illegible] to undertake new [illegible].

Q. But haven't the figures from the securities exchange commission shown a large [illegible]?

A. Yes, but nearly all the issues being floated are refinancing or refunding issues. [illegible]

Q. What do you think is the cure for all [illegible]?

A. [illegible] program for the government [illegible] of all extravagance and waste and a policy that removes the [illegible] and uncertainties from industry.

Behind the News

Men and Affairs Under the Washington Spotlight

BY PAUL MALLON

WASHINGTON, Sept. 19—President Roosevelt is understood to have devoted some thought lately to getting his defeated Republican friend Senator Couzens into a big new deal job.

Casual consideration at least is known to have been given by some of Couzens' friends toward boosting the straight-shooting Michigander with $30,000,000 and a will of his own into the treasury secretaryship. This is the job he would fit best, but it is of course now amply occupied.

Mr. Morgenthau, who holds it, is known to be inclined to keep on holding it. He would be moved only by a request from his friend and boss. If invited to take anything else he would choose the Paris ambassadorship, but that too has just been filled. The state department earnestly denies rumors that the Bullitt appointment to Paris was merely a temporary arrangement to meet the present peculiar French situation.

If the wheels which are moving in these directions slip the track, Couzens might be offered the budget directorship. Acting Budget Director Bell will probably be moved into the fifteen year job of comptroller sooner or later.

Couzens is highly regarded inside new deal circles for his independence. He was in the wrong pond in the senate, his nature and experience being better suited to executive activities. The new dealers seem to think his appointment to any big post would be a political ten strike for Mr. Roosevelt.

Getting Ready

The official denial that creation of a European naval squadron means anything was entirely of the diplomatic variety. Ten days ago Navy Secretary Swanson denied suggestion of such a move. A week the navy had thought of it. Three the navy had thought of it. Three days ago it was done.

What happened in the meantime to change official minds was the war threat by Hitler against the Russians and the profound excitement it caused in Moscow. Officials here considered the result a situation far more serious than the public at large. They thought there was a distinct Russia and Germany not immediately, perhaps, but within the near future.

Thus the new European naval squadron was created with a view to the possibility that it might have to remove American nationals some time soon from trouble zones other than those in Spain. At the same time authorities here evidently wanted to avoid starting a war scare so they announced it as a routine move.

Efficiency

In a secondary way it was one and a good one. What it will do technically is to permit the new admiral to move his ships in European waters swiftly. He will not have to go through all the rigmarole of getting orders from Washington every time a coast guard cutter wants to turn around. Also he will permit a central control on the job to keep the ships out of such trouble as the destroyer Kane unfortunately encountered from the presumably mysterious air bomber.

The squadron creation was an inside victory for commissioned officers of the navy. They have been pulling for a European squadron for a long time. It affords them new cruising waters and what they call new social education in European ports.

Tonal Quality

Mr. Roosevelt has been in good humor lately. His banter with newsmen at press conferences has revealed his personal campaign attitude better than it has been expressed otherwise. Excerpts from the last one can be paraphrased in the proper tone something like this:

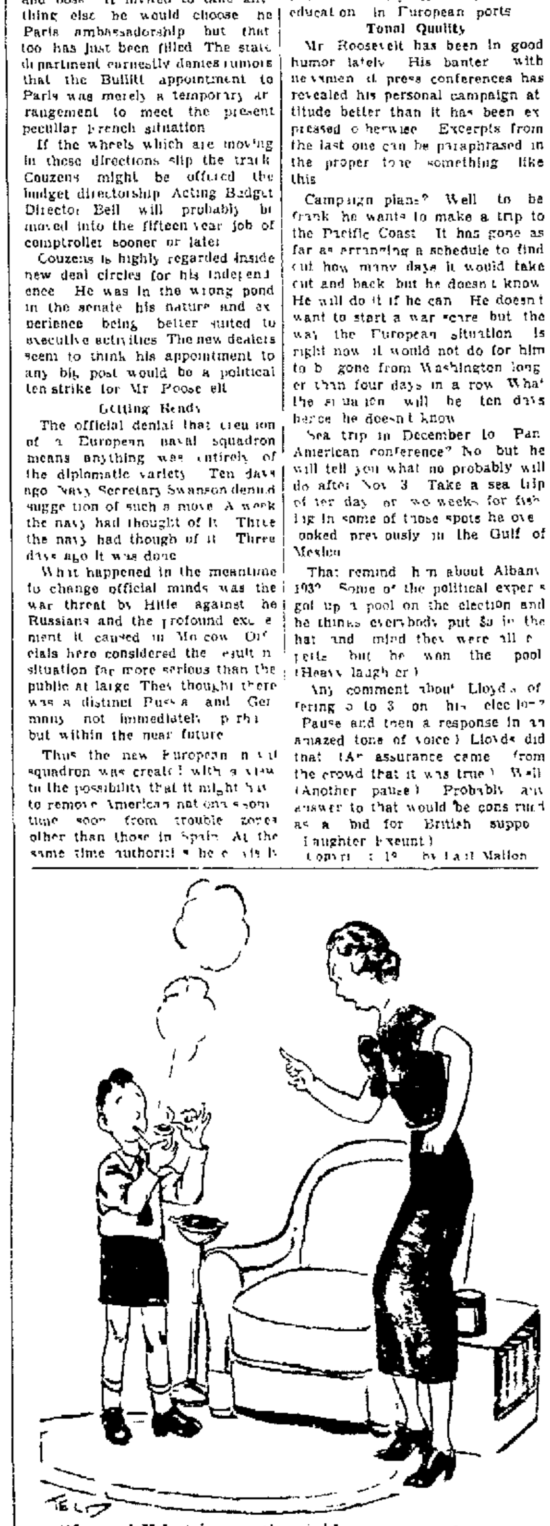

Campaign plans? Well, to be frank, he wants to make a trip to the Pacific Coast. It has gone as far as arranging a schedule to find out how many days it would take out and back, but he doesn't know. He will do it if he can. He doesn't want to start a war scare, but the way the European situation is right now it would not do for him to be gone from Washington longer than four days in a row. What the situation will be ten days hence he doesn't know.

Sea trip in December to Pan American conference? No, but he will tell you what he probably will do after Nov. 3. Take a sea trip of ten days or two weeks for fishing in some of those spots he overlooked previously in the Gulf of Mexico.

That reminds him about Albany, 1932. Some of the political experts got up a pool on the election and he thinks everybody put $1 in the hat and mind they were all experts, but he won the pool. (Heavy laughter.)

Any comment about Lloyd's offering 3 to 3 on his election? Pause and then a response in an amazed tone of voice.) Lloyd's did that! (An assurance came from the crowd that it was true.) Well (Another pause.) Probably any answer to that would be construed as a bid for British support. (Laughter. Exeunt.)

New York Notes

O. O. McIntyre's Diary of Fact, Fancy and Folks

NEW YORK, Sept. 19—I have a learned and philosophic friend with an idea for a Twilight Club. A restful sanctuary down a quiet street where members may drop in, loll in deep cushioned chairs and meditate. He believes a remedy for the world's tautness is a half hour or so of peaceful ponder daily.

At first blush it sounds a deal like Pollyanna prattle. Yet my friend is a successful man—a gentleman who has made a fortune in a business venture at which many failed. He belongs to no church nor is he a member of any cult. Indeed he's rather a worldly fellow.

Yet since early manhood the habit of contemplation when dusk is sifting its haze has been part of his routine. He thinks every man should take time out to go over his day, weed out mistakes and plan the morrow. He believes twilight offers an inspirational tug for such devoirs.

I thought of him especially this sundown upon dropping into one of the plushy snack bars where a merry crowd was shucking restraint and priming with potencies for the night to come. And for the inevitable headache at day break.

* * *

Twilight means little to a bustling city save splashing about in tub, guzzling cocktails, telephoning madly and lining up for the evening. But in the sleepy small town twilight is an interlude of exquisite ecstasy. There is front porch relaxation, the sprinkling of lawns, the chime of church bells, doves at the fountain, the lowing cows lumbering from pasture, the obbligato of crickets, the spark of fireflies through the night dark foliage and always that lush and dew inspired waft of honeysuckle. It's a calm the city dweller cannot achieve. A chance to snuggle closer and with understanding to the heart of things. It is ever amusing when city folk sigh over the monotony of village life. They do not know that sleepy plentitude that comes to the village when the sun dips and day trembles with delicious languor into the fathoms of cool long shadows.

* * *

Then there is the small town dawn—(Voice: The fool getting homesick and blubbery)—and its [su]ccessive and colorful sweeps in a wine red blaze. The dew spangled grass and that earthy aroma that comes only with this matutinal cadence of change. The first clarion cock a doodle doo of the far away rooster and the swing around the barnyard circuit until it is throatily echoed by your own Dominick. Nothing I've known—not even Rheims cathedral moonbeamed into whorls of floating gray and black silhouette—has the inspirational chirk of a rooster's sun up bravado. A symbol of vigour, courage and dare to another day.

* * *

I know companionships of the city—the night clubs, theatre [illegible] snack bars and the [illegible] fellowships across the [illegible] Lindy's and Reuben's. None has the frank friendliness [illegible] congeals in the village loafing [illegible] the drug store soda fountain or court house steps. And it is not just a dribble of yokel palaver. I've heard more intelligent discussion there than I ever heard from the Broadway hotels. That was 20 years ago. But now with the civilizing influence of the radio, screen and airplane there is no such a thing as villager [illegible] their souls in [illegible]. They are as [illegible] as a Woollcott or Coward. A [illegible] one who would swap [illegible] in shirt sleeves on [illegible] back porch for a first row at the Music Box with lyrics by Cole Porter and music by George Gershwin. And if any one suspects [the] chronicler has gone suddenly [illegible]—well that's what happened. And I feel grand!

Coal - Glass - Coal

Announcing the continuance of our cut glass premiums with each ton of our quality coal. Last coal burning season we gave a crystal cut glass sherbet free with each ton of coal. This year we are giving free a 10-ounce crystal footed luncheon tumbler to match the sherbets. An easy way to get a complete line of beautiful Marion cut glassware at no expense to you. Simply place your coal orders with us at regular prices and enjoy summer-like comfort on cold days while serving your family and guests from Marion cut glassware.

Four Indicted This Week Enter Not Guilty Pleas

Two More To Be Arraigned, Two Trial Dates Set, Plans for McElroy Case Deferred

Four persons entered pleas of not guilty today when arraigned before Judge Hector S Young in common pleas court on criminal charges contained in indictments returned against them by the September term grand jury this week

Two other persons indicted were not arraigned one being ill and the other out on bond and unable to appear The latter Harry R Brady indicted on two counts of abandoning his wife who was about to become a mother and non-support of a pregnant woman will be arraigned early next week Gordon Southwick is the person who is ill He is charged with issuing checks at the Marion County bank in the amount of $201 50 when he did not have funds

Those who pleaded not guilty and the charges against them are William E McElroy [illegible] of 208 Nye street and Don McElroy 20 of 924 Bennett street brothers arraigned on a joint indictment charging them with manslaughter Clarence F Layman 53 charged with shooting with intent to wound and Robert McGinnis 22 of Toledo charged with attempting to rape a seven year-old Marion girl

Trial Date Set

McGinnis will go on trial before a petit jury in common pleas court on Oct 6 He is represented by Grant E Mouser Jr His offense is alleged to have occurred in June while he was a guest at an east side home here

Layman's trial is set to start Oct 8 He is without funds to employ an attorney he said and Judge Young assigned Z P Davis to defend him He is being held in the county jail until $1 500 bond The charge of shooting with intent to wound grew out of the shooting of his wife this month in what was described to authorities as a domestic quarrel He is charged with having fired three shots into her body Mrs Layman is recovering at her home on Chicago avenue

Assignment of trial dates for the McElroy brothers was delayed pending possibility that they may be tried separately rather than on the one indictment naming both The are represented by Howard F Guthery The brothers are held in the county jail under $3 000 bond each They are charged with engaging in an altercation on Aug 8 which resulted in the death of Arthur W Daniels 22 of 938 Bryant street

No Bills In Five Cases

Of five other cases studied by the grand jury during its two day session Wednesday and Thursday two were ignored and three were passed until the next grand jury session Inability of witnesses to be present at the session was the reason given for passing the latter three

Cases passed for the next grand jury were C W Porter charged with manslaughter Leo Savage 29 cutting William Southers with intent to kill and William Southers bound over on an affidavit to keep the peace filed by Leo Savage Porter was the driver of a bus that struck an automobile on state route No 30 west of Marion in which four persons were burned to death late in July

FARM INCOME UP 15 PER CENT

Corn Crop Nearly Normal Despite Drouth That Hit Other States Harder.

By The Associated Press

COLUMBUS, O., Sept. 19—Farm experts taking an optimistic view of Ohio crop conditions as memories of the summer drouth faded made these [illegible] predictions today.

Farm income in Ohio will exceed the 1935 figure of [illegible] by 10 to 15 per cent.

Corn, the state's major crop, will be run to nearly 110,000,000 bushels—80 per cent of the normal 120,000,000. A 50 per cent crop was predicted Aug. 1.

Dr. J. I. Falconer of the Ohio State university department of rural economics declared that because Ohio really was on the edge of the drouth area, the state had suffered less than any other in the corn belt.

Loss Estimate Reduced

Guy Miller of the university agricultural extension predicting the 100,000,000 bushel corn crop, concurred in this statement by saying:

"Of a 19,000,000-bushel gain in the corn belt since Aug. 1, Ohio recorded 8,000,000. Ohio was the only state to record a substantial gain over early indications."

The department of agriculture reported in Washington that Ohio farmers received $9,816,000 more from the sale of the principal products in July than in the corresponding month of last year. Receipts in July, 1936, were $28,182,000, as compared with $18,315,000 in July, 1935.

Miller credited heavy August rains for rescuing the corn crop in almost all parts of the state except the southwest corner, especially Hamilton, Butler, and Warren counties.

"We have no definite figures on those counties yet," he said, "but the indications are that they will have no better than a half crop of corn. The rains came too late."

Falconer, pointing to the current price of corn, 95 cents a bushel, forecast the gain in income.

"The high prices, nearly double last year's," he said, "apparently will compensate for the loss in volume from normal."

Corn sold at 50 cents a bushel last year.

The One Sure Thing Is

CHANGE

BANKING methods, like those in other fields of commerce and industry, are subject to the changes that time has always brought. New systems must be devised to meet altered needs; older methods must be discarded in the face of changed requirements. The adoption of sound progressive methods has marked the growth of The National City Bank but throughout its expansion the basic principle of serving Marion better has remained the principal aim of the organization.

TRUE LOVE

Pet Name Effaces Wife's Real Name.

By The Associated Press

GENEVA, N. Y., Sept. 19—The business man looked puzzled at the directory solicitor's query for his wife's first name. He squirmed, scratched his head, blushed, admitted he didn't remember.

"You see," he explained, "we've been married a long time, and I've always called her by a pet name."

A telephone call remedied the difficulty.

Capacity Houses Greet New Type Amateur Show

Capacity audiences were given [illegible] entertainment yesterday afternoon and last night at the Palace theater in the Major Bowes Theater of the Air Revue.

The new type of show met with [illegible] approval [illegible] entertainment. Backed by an excellent stage band there was [illegible] in presenting the six acts.

McCormick and Herring, McCormick with an ability to yodel that would [illegible] in Alpine regions and Herring with diverting accordion arrangements were the only [illegible] of the program.

Stepping Pete Lee, 32 year old native of Atlanta, Ga., standing six feet and one and a half inches charmed his audience with the beauty of his deep powerful voice and Peggy Dwer wielded a different but as powerful kind of charm with her interpretations of popular songs. She admits Frances Langford is her ideal and her way of putting over a song has the Langford manner.

Mae McPhee, a 116-pound bundle of vitality, tapped her way through a series of speedy routines, emulating her ideal of a real dancer, Fred Astaire.

Dusky little Adolphus Robinson of Henderson, N. C., who openly idolizes Bill Robinson, gave the audience a thrill with his silver voice and rhythm as it is achieved by "the vestpocket edition of Bill Robinson." James Erikson showed the audience what can be drawn from an accordion. Nimble fingers that fairly flew, drew amazing music from the instrument. He has ambitions to be an orchestral accordionist.

The screen feature for the day was "Lady Be Careful," one of those pictures that sneaks into town without fanfare and turns out to be one of the most enjoyable in months. Lew Ayres, the featured player, was supported by Mary Carlisle, Larry Crabbe, Benny Baker and Grant Withers.

FINDLAY OIL TRUCK DESTROYED BY FIRE

Special to The Star

UPPER SANDUSKY, Sept. 19—An Ohio oil truck from Findlay caught fire and was ruined Friday afternoon on route 23 six miles south of here. The driver, E. C. Rhoad and his companion Sam Belford were returning to Findlay from Newark when a passing motorist called their attention to a blaze on the rear platform of the large truck. The fire apparently started in the load of electrical and neon sign equipment. Nothing was saved except two suitcases. Portable fire extinguishers were used but the fire had gained such headway that it could not be checked.

NEW DEAL FLAYED AT BUCYRUS RALLY

Grant Mouser, Jr., Attorney John Clark and Paul Selby of Columbus Speak.

Special to The Star

BUCYRUS, Sept. 19—Gov. Davey's "raw deal" to the state of Ohio and the reasons why Bricker should be governor, the alleged insincerity of Roosevelt and "his betrayal of the Democrat platform for that of the Socialist," the branding of the new deal as a dictatorship, the prediction that Landon would get "the greatest landslide of votes in history," and an appeal for more Republican congressmen marked the highlights of the talks at the Crawford County Young Republican club rally and feast in Bucyrus Thursday night.

About 300 persons heard Attorney Paul Selby of Columbus and Attorney John H. Clark of Marion, preceded by Grant Mouser Jr., candidate for congress as they revealed, predicted, accused and exposed in the affairs of state and national personalities.

Charging the new deal with "following to the letter at least 12 planks in the Socialist platform for which the American voters repudiated Norman Thomas," Clark stated that "Roosevelt used the Democrat platform just to get into office and has never used it since." He compared the President's repudiation of the gold dollar to the Kaiser's violation of treaty sanctity.

Especially condemning the acts of the blue eagle, which he characterized as a "buzzard," Clark pointed out how unemployment increased under it until the supreme court had to step in and kill it.

According to Mouser, "The 1,000 laws made by the Roosevelt regime," claimed to be more than one third of the entire amount of laws since the beginning of the United States, "have been doing country." He thanked God "that nothing else but Tammanizing the the Republican party has Landon to off set this influence."

REV. FISHER WILL PREACH AT CALVARY

Rev. James M. Fisher, Presbyterian minister, will preach Sunday morning and night at the Calvary Evangelical church.

The pastor, Rev. William M. Davis, was taken to Grant hospital in Columbus Thursday night for observation and probably an operation for what is understood to be an attack of gallstones. Mrs. Davis, in Marion for a short time last night, said Rev. Davis' condition is serious.

Rev. Fisher will preach at 10:15 a. m. on "Spiritually Sensitive Souls," and at night at 7:30 on "Go Ye Therefore."

TIRES AND WHEELS STOLEN AT FACTORY

Three truck tires and wheels valued at about $60 were stolen from the Fairfield Engineering Co.'s plant at 324 Barnhart street, early this morning according to a report to police today. Entrance was gained by entering a window which had apparently been left unlocked, police said. The intruders jacked up the rear of the truck and removed both wheels and also took a spare wheel and tire police were told. The theft was discovered shortly after 6 a. m. by an employe of the plant. Charles Weaver, night watchman, leaves the plant at 2 a. m. and the theft apparently occurred after that time police reported.
